Reading

20 minutes of Independent Reading

Writing

Persuasive Writing

Use the **Cups & Arms** revising and editing process to correct and improve your persuasive text.

Don't forget to up-level your language and use the tools available to you to help with this.

Some tools you may use are:

- **Persuasive Texts Checklist.**
- **Emotive Language Cards.**
- **Connectives to use with Persuasive Writing.**
- **Oxford Wordlist.**
- **A Handwriting Desk Strip**
- A thesaurus or dictionary

Numeracy

HIGHER/LOWER Play with a partner. You'll need a pack of cards.

Player 1 places 2 lots of two cards face down in front of the players.

Player 1 turns over the first two cards e.g. 6 and 3. These two digits become the number 63.

Before Player 2 turns over the next two cards, they must predict whether the next two-digit number will be higher than Player 1's or lower than Player 1's.

If the guess is correct, Player 2 keeps all the cards. If the guess is incorrect, Player 1 keeps the cards. The winner is the person with the most cards at the end of the game.

Optional Challenge Change the game to three or four digit numbers

There is no need to submit anything for this task.

Physical Education

See information provided by Mr Chelvan for your PE lesson.

Other ideas for daily physical activity include:

- [The Body Coach](#) (Daily PE lessons)

- [Cosmic Kids Yoga](#)
- [Go Noodle](#)
- Play outside
- Work in the garden
- Complete an exercise video on the tv
- Skip with a rope
- Practise sport skills such as basketball, football, cricket with equipment you have at home.
- Ride your bike or scooter

Health

Choose a quiet mindfulness activity to complete such as [colouring](#), drawing a picture or making a [poppy sun catcher](#)

Cooking

See Marilena's [lesson plan](#) on our school website.
